

LOVE WHAT'S LOCAL

NOVEMBER 2018

Our region has a good thing going on & the diverse community of local retailers, restaurants & service providers play a BIG role in that. Our local businesses are what make our region special. Not only do they give our region character & create vibrancy, they bring us unique experiences, employ our neighbors, & support our community. When you decide to support local, you cast a vote for a better community. You support the hopes & dreams of entrepreneurs & you invest in the growth of the community.

LOCAL FRIENDSHIPS & COLLABORATIONS

Our region is simply full of neighbors who are there to be, well, neighbors - in every sense of the word! The collaborations and joint efforts that our local businesses have made them such a strong & positive influence on our region.

Knowing the importance that sports play in the development of youth, Peter Kiewit Construction, A & W, Martensville Building & Home Supply, Clark's Crossing Gazette, Brad's Towing, Lion's Club & Martensville High School Grade 12 students work together to build a playhouse to raffle with all funds supporting the Warman & Martensville KidSport program.

LOCAL ABOVE & BEYOND

Local people care. They care for you, want to make sure they give you unique attention and the best service so that you leave their store remembering that you're important.

When you walk into Legend's Pharmacy you're greeted by their friendly staff that is always happy to assist their customers in as many ways as they can, going over & above to provide an enjoyable & positive experience for everyone.

LOCAL CREATES JOBS

Local business owners are living their dreams & working to make our region a better place to live, work & play. As valued job creators, they enable locals to work closer to home. This keeps money local & further creates a tight-knit community vibe.

Many local residents have had the privilege to work close to home because of the long standing family owned and operated gathering place - The Wagon Wheel Restaurant. Owners Doug & Kim McLeay have also given many of our community's youth the opportunity to gain their first work experience locally.

LOCAL GIVES BACK

We love & appreciate the commitment our local businesses have for our region. They're the first ones to sponsor our kids' sports teams, give to a charity, or help with a fundraiser. When approached by the Men's Curling Bonspiel planning committee over 10 years ago, Lakeview Insurance jumped at the chance to help bring curlers from across the province to Martensville. Sponsoring local groups like curling clubs is one way of the many ways they give back each year.

LOCAL UNIQUENESS

Local shops have such unique items! The owners take great care to take the time to get personally acquainted with their customers & thoughtfully stock their shops with items they know people will adore. Talk about a true love story.

Tim Froese with Stone Works, a division of Froese Concrete infuses his concrete expertise with creativity that produces a variety of home, yard and office decor items made from stone, concrete & steel. Items include stone coaster sets, ornamental bowls, accent tables & concrete planters of various sizes & shapes.

LET'S SHOW OUR APPRECIATION AND LOVE WHAT'S LOCAL!
